

UGANDAN LAMBS ASSOCIATION
MONTHLY REPORT
4th.March.2024

Currently, Ugandan Lambs Association is supporting **53** children; this is done through sponsorship and donations. Children are nurtured through attending Child Evangelistic Fellowships, ensuring that they have basic needs, for example; food, shelter, clothing, medical care and quality education. This is done in a safe and nurturing environment to facilitate, monitor their education and promote their physical and spiritual well-being. The main purpose of supporting the children is to break the cycle of poverty and dependence in order to allow each child to fulfill his or her God-given potential. The supported children together with their guardians are grateful for the support rendered so far.

Activities done during the month of February 2024

1. Graduation of Lambs
2. Employment of the Lambs
3. Children reporting back to school
4. Senior four results
5. Sick children

Graduation of Lambs

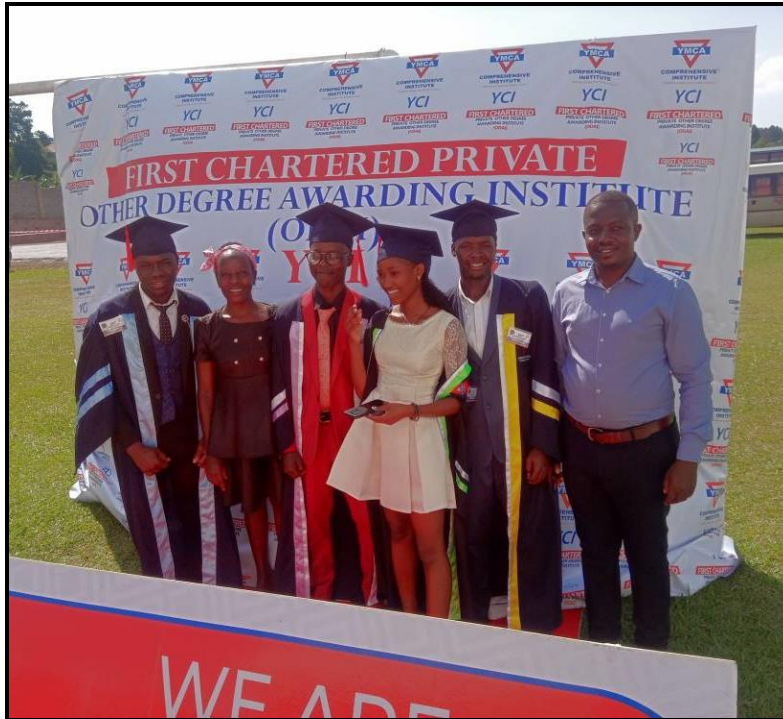

Success was registered during the month when five of our Lambs graduated. Nakankya Gladys graduated at Makerere University with an award of Bachelor of Science in accounting. She is so thankful to her sponsors for having met all the school fees and thus graduating. Additionally, 4 more Lambs graduated at YMCA Technical Institute: Kitunzi Daniel with a certificate in electronics, Nashema Noeline with a certificate in Tourism, Ssekamatte Mithusela with a certificate in catering and Mukisa Godfrey with a certificate in industrial art. All Lambs are so grateful to their sponsors for paying their school fees.

Employment of the Lambs

Currently the four Lambs that graduated from YMCA are working: Ssekamatte Mithusela is employed as an assistant chef at De Lounge Hotel Mattugga, Mukisa Godfrey is working with an art gallery at Bweyogerere, Nashema Noeline is working with Xeno Tours and Travel in Kampala and Kitunzi Daniel works on a contract basis. Nakankya Gladys had gotten a job but one of the requirements is a Certified Public Accounts certificate so that she can be regarded as a full accountant. She is now pursuing that certification.

Children going back to school

During the month, all children were able to go back to school. They were encouraged to put in more effort so that they can perform well. It is the beginning of the year and there is need for all children to be more focused so that they can realize their goals. They were advised to engage in study discussions with their colleagues at school so that they can gain more knowledge and improve in studies. They were also urged to avoid bad peer pressure since they can lead them to perform poorly in class.

Senior Four results

During the month, senior four results were released by Uganda National Examinations Board and four of the Lambs did the exams; Ssebulime Brian passed in Division 1, Ntambi Geoffrey passed in division 4, Galabuzi Saul passed in division 4 and Namaganda Joy passed in division 4 too. The ULAUSA Board will be notified about the next step to be taken for the Lambs.

Caring for sick children

One of the core values of Ugandan Lambs USA is caring for sick children as a way of meeting their physical needs. A paramount objective of all Ugandan Lambs Association USA's programs is addressing health vulnerabilities by improving access to quality health services, disease prevention and psychosocial counseling in a bid to enable the Lambs have good health, which is a precondition for living a life of dignity. During the month Ntambi Geoffrey fell sick and was suffering from malaria and cough. He was taken to Tendo Medical Centre for treatment and hopefully he will be fine.
